

Are you **limited** on capital budget?
Do you have an **urgent** or **short term** project?
Do you want an **option to purchase** equipment?

IxRent
is the answer

IxRent

Ixia, a leading provider of performance test systems for IP-based infrastructure and services, is now introducing rental services to our customers. There has never been a better time to rent Ixia's test solutions; Ixia's new IxRent program offers customers flexibility to rent or rent to purchase the latest Ixia hardware and software products.

Whether you're a Network Equipment Manufacturer, Carrier, Government, or Enterprise customer looking for a short-term rental or rental with a purchase option, Ixia has a program designed to make your buying or renting experience simple and affordable.

Ixia Rental Program Offers

- Rent direct from manufacturer
- Rent hardware as well as L4-7 software applications
- Rental equity offered towards purchase during the first 90 days
- Reliable customer support during rental term
- Minimum rental term 90 days with flexibility to continue to rent
- Prompt delivery
- Software updates available during rental term
- Simple return process
